

The Ultimate School Opening Parental Scorecard:

SEND YOUR CHILD TO SCHOOL IN PERSON	Willing to take the risk	NOT willing to take the risk	Not Sure
My child needs to be in a classroom with other children			
My child learns better in person			
I am concerned about child's social and emotional learning			
My child's school is already overcrowded with little outdoor space			
My child goes to school on a school bus or takes public transportation			
We need to go to work and can't take more time off to home school			
I have multiple other children and hard to school them all at home			

The Ultimate School Opening Parental Scorecard:

My child lives in a multigenerational home			
We have an immune compromised person at home			
We have a household of first responders and and/or at risk people			
My child has an underlying health condition			
I am having difficulty being at home so long with the kids			
I am worried about educational loss akin to summer learning loss if they stay home for online learning			
I do not have the equipment or internet access to have my child(children) at home and online			
My child has a learning disability and needs to be			

The Ultimate School Opening Parental Scorecard:

one on one with a teacher			
My child appears withdrawn and maybe depressed not being in school or with peers.			
I have a difficult time feeding my children and being in school assures me that they eat at least two good meals a day			
I am worried about my child's teachers being infected by students or that they will bring the virus to the school
